

"Here with you every step of the way".

CRAMLI provides a high-quality evidence-based and person-centred approach to people who have approved behaviour support funding in their NDIS Behaviour Support plans. Behaviour support funding is identified when a participant demonstrates behaviour that may be challenging in their own environment. Behaviour is called 'challenging' because it challenges everyone who supports the person to understand why it is happening and how to work together to find solutions.

CRAMLI offer individualised intervention and training packages to teams and organisations to reduce the risk of harm and create positive, sustainable outcomes for participants that engage in challenging behaviours to communicate a need.

What we do to support you:

- BSP interventions and recommendations
- Proactive and reactive strategies
- Reduce harmful behaviour and eliminate the use of restrictive practices
- Observations and training

REGISTERED
NDIS
PROVIDER

You will be supported by friendly and highly qualified positive behaviour support practitioners who work with you to design a positive behaviour support plan. Our Behaviour Support

Service is a multidisciplinary team that draws on different areas of expertise to create comprehensive behaviour support plans containing strategies responsive to the person's individual needs, in a way that addresses behaviours of concern.
