
Provisions of Support

1. Introduction

1.1 Purpose

This Policy and the Policies and Procedures and related documentation set out in section 1.5 below (**Related Documentation**) supports CRAMLI Psychological and Behavioural Services to apply the Access to Supports, Services Agreements with Participants, Support Planning, Responsive Support Provision and Transitions to and from the provider NDIS Practice Standards.

1.2 Policy Aims

CRAMLI Psychological and Behavioural Services is committed to ensuring that:

- (a) Each participant accesses the most appropriate support that meets their needs, goals and preferences.
- (b) Each participant is actively involved in the development of their support plans. Support plans reflect participant needs, requirements, preferences, strengths and goals, and are regularly reviewed.
- (c) Each participant has a clear understanding of the support they have chosen and how they will be provided.
- (d) Each participant accesses responsive, timely, competent and appropriate support to meet their needs, desired outcomes and goals.
- (e) Each participant experiences a planned and coordinated transition to or from the provider.
- (f) Each client accesses support in a safe environment that is appropriate to their needs.

1.3 NDIS Quality Indicators

CRAMLI Psychological and Behavioural Services aims to demonstrate each of the following quality indicators through the application of this Policy and the relevant systems, procedures, workflows and other strategies referred to in this Policy and the Related Documentation:

Approved By: The Board of CRAMLI Australia Pty Ltd	Version	1
Approval Date: November 2022	Next Scheduled Review	December 2024

Access to Supports

- (a) The supports available, and any access / entry criteria (including any associated costs) are clearly defined and documented. This information is communicated to each participant using the language, mode of communication and terms that the participant is most likely to understand.
- (b) Reasonable adjustments to the support delivery environment are made and monitored to ensure it is fit for purpose and each participant's health, privacy, dignity, quality of life and independence is supported.
- (c) Each participant is supported to understand the circumstances in which support can be withdrawn. Access to support required by the participant will not be withdrawn or denied solely on the basis of a dignity of risk choice that has been made by the participant.

Services Agreements with Participants

- (a) Collaboration occurs with each participant to develop a Services Agreement which establishes expectations, explains the supports to be delivered, and specifies any conditions attached to the delivery of supports, including why these conditions are attached.
- (b) Each participant is supported to understand their Services Agreement and conditions using the language, mode of communication and terms that the participant is most likely to understand.
- (c) Where the Services Agreement is created in writing, each participant receives a copy of their agreement signed by the participant and the provider. Where this is not practicable, or the participant chooses not to have a copy of the agreement, a record is made of the circumstances under which the participant did not receive a copy of their agreement.
- (d) Where the provider delivers supported independent living supports to participants in specialist disability accommodation dwellings, documented arrangements are in place with each participant and each specialist disability accommodation provider. At a minimum, the arrangements should outline the party or parties responsible and their roles (where applicable) for the following matters:
 - (1) How a participant's concerns about the dwelling will be communicated and addressed;

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

- (2) How potential conflicts involving participant(s) will be managed;
 - (3) How changes to participant circumstances and/or support needs will be agreed and communicated;
 - (4) In shared living, how vacancies will be filled, including each participant's right to have their needs, preferences and situation taken into account; and
 - (5) How behaviours of concern which may put tenancies at risk will be managed, if this is a relevant issue for the participant.
- (e) Service agreements set out the arrangements for providing support to be put in place in the event of an emergency or disaster.

Support Planning

- (a) With each participant's consent, work is undertaken with the participant and their support network to enable effective assessment and to develop a support plan. Appropriate information and access is sought from a range of resources to ensure the participant's needs, support requirements, preferences, strengths and goals are included in the assessment and the support plan.
- (b) In collaboration with each participant:
 - (1) risk assessments are regularly undertaken, and documented in their support plans; and
 - (2) appropriate strategies are planned and implemented to treat known risks to them.
- (c) Risk assessments include the following:
 - (1) consideration of the degree to which participants rely on the provider's services to meet their daily living needs;
 - (2) the extent to which the health and safety of participants would be affected if those services were disrupted.

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

- (d) Periodic reviews of the effectiveness of risk management strategies are undertaken with each participant to ensure risks are being adequately addressed, and changes are made when required.
- (e) Each support plan is reviewed annually or earlier in collaboration with each participant, according to their changing needs or circumstances. Progress in meeting desired outcomes and goals is assessed, at a frequency relevant and proportional to risks, the participant's functionality and the participant's wishes.
- (f) Where progress is different from expected outcomes and goals, work is done with the participant to change and update the support plan.
- (g) Where appropriate, and with the consent of the participant, information on the support plan is communicated to family members, carers, other providers and relevant government agencies.

Responsive Support Provision

- (a) Support is provided based on the least intrusive options, in accordance with contemporary evidence-informed practices that meet participant needs and help achieve desired outcomes.
- (b) For each participant (with their consent or direction and as agreed in their service agreement) links are developed and maintained by the provider through collaboration with other providers, including health care and allied health providers, to share their information, manage risks to them and meet their needs.
- (c) Reasonable efforts are made to involve the participant in selecting their workers, including the preferred gender of workers providing personal care support.
- (d) Where a participant has specific needs which require monitoring and/or daily support, workers are appropriately trained and understand the participant's needs and preferences.

Continuity of Supports

- (a) Day-to-day operations are managed in an efficient and effective way to avoid disruption and ensure continuity of support.
- (b) In the event of worker absence or vacancy, a suitably qualified and/or experienced person performs the role.

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

- (c) Support is planned with each participant to meet their specific needs and preferences. These needs and preferences are documented and provided to workers prior to commencing work with each participant to ensure the participant's experience is consistent with their expressed preferences.
- (d) Arrangements are in place to ensure support is provided to the participant without interruption throughout the period of their Services Agreement. These arrangements are relevant and proportionate to the scope and complexity of supports delivered by the provider.
- (e) Alternative arrangements for the continuity of supports for each participant, where changes or interruptions are unavoidable, are:
 - (1) explained and agreed with them; and
 - (2) delivered in a way that is appropriate to their needs, preferences and goals.

CRAMLI Psychological and Behavioural Services have developed ‘the continuity of supports program’, which includes a primary and secondary worker, that provides the participant access to two qualified workers that are involved in the delivery of support and utilizing each other’s strengths and eliminating the need for any disruption in service delivery. For example, the primary worker might go on leave for an extended period, and the secondary worker can step in and take over where things were left off which eliminates the need to meet a new practitioner, build rapport or get to know the presenting situation.

Transitions to and from the provider

- (a) A planned transition to or from the provider is facilitated in collaboration with each participant when possible, and this is documented, communicated and effectively managed.
- (b) Risks associated with each transition to or from the provider are identified, documented and responded to, including risks associated with temporary transitions from the provider to respond to a risk to the participant, such as a health care risk requiring hospitalisation.
- (c) Processes for transitioning to or from the provider (including temporary transitions referred to in subsection (2)) are developed, applied, reviewed and communicated.

Safe Environment

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

- (a) Each participant can easily identify workers who provide support to them.
- (b) Work is undertaken with each participant, and others, in settings where supports are provided (including their home), to ensure a safe support delivery environment for them.
- (c) Where relevant, work is undertaken with other providers (including health care and allied health providers and providers of other services) to identify and manage risks to participants and to correctly interpret their needs and preferences.
- (d) For each participant requiring support with communication, clear arrangements are in place to assist workers who support them to understand their communication needs and the manner in which they express emerging health concerns.
- (e) To avoid delays in treatments for participants:
 - (1) protocols are in place for each participant about how to respond to medical emergencies for them; and
 - (2) Each worker providing support to them is trained to respond to such emergencies (including how to distinguish between urgent and non-urgent health situations).
- (f) Systems for escalation are established for each participant in urgent health situations.
- (g) Infection prevention and control standard precautions are implemented throughout all settings in which supports are provided to participants.
- (h) Routine environmental cleaning is conducted in settings in which supports are provided to participants (other than in their homes), particularly of frequently-touched surfaces.
- (i) Each worker is trained, and has refresher training, in infection prevention and control standard precautions including hand hygiene practices, respiratory hygiene and cough etiquette.
- (j) Each worker who provides support directly to participants is trained, and has refresher training, in the use of PPE.
- (k) PPE is available to each worker, and each participant, who requires it.

1.4 Scope

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

 - (2) live proximately to CRAMLI Psychological and Behavioural Services base of operations;

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

- (3) be seeking to be assisted by CRAMLI Psychological and Behavioural Services in relation to a support or service which CRAMLI Psychological and Behavioural Services provides; and
 - (4) have a source of individualised government funding (i.e. they are an NDIS participant) or have a source of private funding.
- (b) CRAMLI Psychological and Behavioural Services will ensure that a potential Client wishing to access services or supports will be provided information about:
- (1) the services and supports offered by CRAMLI Psychological and Behavioural Services;
 - (2) the price(s) or cost of each service and support;
 - (3) any access, entry and eligibility criteria in relation to each service and support;
 - (4) the circumstances under which supports can be withdrawn,

(Support Information)

- (c) CRAMLI Psychological and Behavioural Services will communicate with and provide a personalised, person-centred approach to the support needs of any potential Client wishing to access services or supports including by providing support to access Support Information in the language, mode of communication and terms that the Client is most likely to understand, by organising bilingual staff or an interpreter service to assist.
- (d) CRAMLI Psychological and Behavioural Services will ensure that each person seeking to use its services and supports will be assessed on:
- (1) the defined access and entry criteria in this Policy and as specified in this Policy Statement and in the Procedures below;
 - (2) the organisational capacity and resources of CRAMLI Psychological and Behavioural Services to provide the requested services and supports to the Client and can otherwise effectively support the potential Client to meet their goals and personal needs;

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

- (3) as far as reasonably practicable, an open and accountable process for assessing the eligibility and entry needs of potential Clients and the capacity of CRAMLI Psychological and Behavioural Services to meet their needs;
 - (4) subject to applicable law and this Policy and related Policies, non-discriminatory eligibility criteria and entry rules with respect to age, gender, sexuality, race, culture, religion, disability or other identifiers.
 - (5) any requirements of the NDIS Terms of Business for Registered Providers.
- (e) CRAMLI Psychological and Behavioural Services will review and discuss the Support Information and proposed support delivery environment with each potential Client and any family, carers, chosen community or advocate that the Client directs us to, to identify and minimise any barriers that would prevent it from being fit for purpose and to otherwise ensure each Client’s health, privacy, dignity, quality of life and independence is supported.
 - (f) Reasonable adjustments to the support delivery environment being made and monitored by CRAMLI Psychological and Behavioural Services to ensure it is fit for purpose and each Client’s health, privacy, dignity, quality of life and independence is supported.

3.2 Service Agreements with Participants

- (a) CRAMLI Psychological and Behavioural Services will collaborate with each Client to develop a written Services Agreement which establishes expectations, explains the supports to be delivered and specifies any conditions attached to the delivery of supports, including why these conditions are attached.
- (b) CRAMLI Psychological and Behavioural Services will use the appropriate template Services Agreement as the starting point for the engagement between CRAMLI Psychological and Behavioural Services and Client. Template service agreements prepared for use by CRAMLI Psychological and Behavioural Services include a general Services Agreement, Support Coordination Services Agreement and SIL Service Agreement.
- (c) In particular, consideration will be given to the terms of the Services and Supports Schedule which forms part of the Services Agreement.

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

- (d) CRAMLI Psychological and Behavioural Services will provide Clients and their support network, support to understand their Services Agreement and conditions using the language, mode of communication and terms that the Client is most likely to understand including by:
- (1) facilitating bilingual staff or an interpreter service to assist if required or upon request; and
 - (2) organising an advocacy service to assist if required or upon request.
- (e) CRAMLI Psychological and Behavioural Services will use its best endeavours to ensure all Services Agreements are documented in writing and each Client receives a copy of their agreement signed by the Client and CRAMLI Psychological and Behavioural Services. In the unlikely event that a written Services Agreement is unable to be prepared, a record is made of the circumstances and reasons why a written agreement was not created and a record of the material terms of the service arrangement are recorded in the Client’s Information File.
- (f) The Privacy Consent Form forms part of the Services Agreement between CRAMLI Psychological and Behavioural Services and the Client. The use of the Client’s personal information including the sharing of personal information with other providers, including health care and allied health providers, is set out in the Privacy Consent Form.
- (g) When intending to provide SIL support to a Client, CRAMLI Psychological and Behavioural Services should enter into a Services Agreement with the Client in substantially the same form as the SIL Services Agreement.
- (h) When intending to provide SIL supports to a Client in SDA accommodation, CRAMLI Psychological and Behavioural Services should enter into a SIL and SDA Collaboration Agreement with the specialist disability accommodation provider and the Client in substantially the same form as the CRAMLI Psychological and Behavioural Services template SIL and SDA Collaboration Agreement unless it is agreed that the SDA accommodation provider’s proposed agreement between the parties is more suitable in the circumstances.
- (i) CRAMLI Psychological and Behavioural Services service agreements set out the arrangements for providing support in the event of an emergency or disaster.

3.3 Support Planning

- (a) With each participant's consent, work is undertaken with the participant and their support network to enable effective assessment and to develop a support plan. Appropriate information and access are sought from a range of resources to ensure the participant's needs, support requirements, preferences, strengths and goals are included in the assessment and the support plan.
- (b) In collaboration with each participant:
 - (1) risk assessments are regularly undertaken, and documented in their support plans; and
 - (2) appropriate strategies are planned and implemented to treat known risks to them.
- (c) Risk assessments include the following:
 - (1) consideration of the degree to which participants rely on the provider's services to meet their daily living needs;
 - (2) the extent to which the health and safety of participants would be affected if those services were disrupted.
- (d) Periodic reviews of the effectiveness of risk management strategies are undertaken with each participant to ensure risks are being adequately addressed, and changes are made when required.
- (e) Each support plan is reviewed annually or earlier in collaboration with each participant, according to their changing needs or circumstances. Progress in meeting desired outcomes and goals is assessed, at a frequency relevant and proportional to risks, the participant's functionality and the participant's wishes.
- (f) Where progress is different from expected outcomes and goals, work is done with the participant to change and update the support plan.
- (g) Each participant's support plan is:
 - (1) provided to them in the language, mode of communication and terms they are most likely to understand; and
 - (2) readily accessible by them and by workers providing support to them.

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

- (h) Each participant’s support plan is communicated, where appropriate and with their consent, to their support network, other providers and relevant government agencies.
- (i) Each participant’s support plan:
 - (1) anticipates and incorporates responses to individual, provider and community emergencies and disasters to ensure their safety, health and wellbeing; and
 - (2) is understood by each worker supporting them.

3.4 Responsive Support Provision

- (a) CRAMLI Psychological and Behavioural Services will provide services and supports that are based on contemporary evidence-based best practice with a strong focus on the person-centred approaches
- (b) CRAMLI Psychological and Behavioural Services will ensure its clients’ rights and best interests are protected and the support strategies used are planned, documented, and reviewable, based on the least intrusive options and reflect contemporary, evidence-based best practice and funded and legal requirements.
- (c) Unless otherwise agreed in the Privacy Consent Form, links are developed and maintained by CRAMLI Psychological and Behavioural Services through collaboration with other providers, including health care and allied health providers, to share their information, manage risks to them and meet the Client’s needs.
- (d) Reasonable efforts are made to involve the Client in selecting their Workers, including the preferred gender of Workers providing personal care support.
- (e) Where a Client has specific needs which require monitoring and/or daily support, CRAMLI Psychological and Behavioural Services will ensure Workers are appropriately trained and understand the Client’s needs and preferences contemporaneously in accordance with the Service Access Procedure set out below.

3.5 Transitions to and from the provider

- (a) CRAMLI Psychological and Behavioural Services will ensure planned transitions by a Client to or from it are facilitated in collaboration with each Client and their support network when possible in accordance with documented procedure.

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1
Approval Date: November 2022	Next Scheduled Review December 2024

- (b) Risks associated with the transition are identified, documented and responded to accordingly. This includes risks associated with temporary transitions from CRAMLI Psychological and Behavioural Services care to respond to a risk to the participant, such as a health care risk requiring hospitalisation.
- (c) Processes for transitioning to or from the provider (including temporary transitions referred to above) are developed, applied, reviewed and communicated.

3.6 General

CRAMLI Psychological and Behavioural Services will support potential Clients’ right to complain and provide feedback about any aspect of their access to and the provision of support that are important to them and for them, their family and carers.

4. Procedure

The Policy is supported by the following Procedures which are intended to clarify the responsibilities of the board, Principal, Key Management Personnel, Workers and other persons and make explicit the underlying principles of the Policy. The Procedures work together dynamically and are relevant to all parts of CRAMLI Psychological and Behavioural Services . The Procedures are not ordered in priority and all are important to achieving the aims of the Policy Statement.

provisional eligibility to receive services and support from CRAMLI Psychological and Behavioural Services will be determined.

- (e) A Client will be provisionally eligible to receive services and supports from CRAMLI Psychological and Behavioural Services if they:
 - (1) are a person with a disability of an age which CRAMLI Psychological and Behavioural Services is permitted to provide services pursuant to its NDIS registration;
 - (2) live proximately to CRAMLI Psychological and Behavioural Services base of operations;
 - (3) are seeking to be assisted by CRAMLI Psychological and Behavioural Services in relation to a support or service which CRAMLI Psychological and Behavioural Services provides; and
 - (4) have a source of individualised government funding (for example, they have a Plan) or have a source of private funding,

(Provisional Criteria).

- (f) The following documents will then be sent or emailed to the potential Client (and/or the person that made the enquiry) for completion in order to gather further information in relation to whether the potential Client will be eligible to receive supports and services from CRAMLI Psychological and Behavioural Services:
 - (1) Advocacy or Support Person Request Form
 - (2) Privacy Consent Form

- (3) Client Information Booklet
- (4) Client Information Booklet - Easy Read
- (5) Client Intake Form
- (6) Feedback and Complaints Form
- (7) Feedback and Complaints Summary.

(g) Where a potential Client is transitioning from another service provider to CRAMLI Psychological and Behavioural Services, CRAMLI Psychological and Behavioural Services will:

- (1) seek consent from the potential Client and/or their family/carer to contact the NDIA and other service providers (including any support coordinator) to discuss or obtain support requirements, schedules, plans, and understand their goals to assist in development of a transition to determine if it is able to provide the requested services
- (2) consult with the Client and their family/carer to obtain the person's NDIS Participant No, date of birth and obtain the Client's NDIS Support Plan or portion of the plan related to support that CRAMLI Psychological and Behavioural Services has been engaged to provide.

(h) If during the initial telephone conversation, it is evident that the Client and/or their family/carer may need support to understand the Support Information, the potential Client has responded that they need support in a Client Intake Form or they are otherwise from a CALD background, the potential Client (or the person that made the enquiry) will be informed that an interpreter service, bilingual staff or other forms of

assistance to assist them to understand the Support Information can be made available to them.

- (i) The Client will also be informed that they may have an advocate of their choice to assist with planning and that CRAMLI Psychological and Behavioural Services can assist them to access an advocacy service (including an independent advocate).
- (j) If an interpreter service or bilingual staff are required, CRAMLI Psychological and Behavioural Services will offer the potential client information and assistance in relation to organising the same.
- (k) If it appears from the initial telephone conversation that the Client is likely to meet the Provisional Criteria, arrangements will be made for the Client, their family members/carers and other significant people in their support network to meet with the Principal or other qualified representative of CRAMLI Psychological and Behavioural Services to discuss a potential engagement. This may take place at the Client's home or other venue agreed to by all parties.
- (l) At the meeting, the Principal or a qualified representative of CRAMLI Psychological and Behavioural Services, the Client, their support network and any other person(s) in attendance to assist the Client to understand the Support Information (such as an interpreter), will:
 - (1) discuss the Client's goals, requested supports and services and other service options (for example, based on the potential Client's Plan);
 - (2) discuss the information provided by the potential Client to CRAMLI Psychological and Behavioural Services including the information provided in the Client Intake

Form and Privacy Consent Form and any further information provided verbally at the meeting;

- (3) discuss the Client's expectations in relation to the proposed support delivery environment including if they consider that reasonable adjustments should be made to ensure it is fit for purpose and each Client's health, diversity, privacy, dignity, quality of life and independence is supported (including in accordance with section 4.4).
- (4) discuss the circumstances under which supports can be withdrawn; and
- (5) collaborate on the proposed terms of a Services Agreement, such agreement to be:
 - (A) based on CRAMLI Psychological and Behavioural Services standard Services Agreement; and
 - (B) proposes expectations, explains the services and supports to be delivered, and specifies any conditions to be attached to the delivery of supports, including why those conditions are attached.
- (m) After the meeting, CRAMLI Psychological and Behavioural Services will undertake any further required checks and review relevant supporting evidence to ensure the Client meets the Provisional Criteria.
- (n) Assuming the Client meets the Provisional Criteria, the Principal will make a determination, based on all information obtained and otherwise available to it, if CRAMLI Psychological and Behavioural Services:

Approved By: The Board of CRAMLI Australia Pty Ltd	Version 1

- (1) has the organisational capacity and resources to provide the requested services and supports to the Client; and
 - (2) can otherwise effectively support the potential Client to meet their goals, needs and expectations in a personalised and person, centred manner.
- (o) CRAMLI Psychological and Behavioural Services will then:
- (1) make an offer to provide supports and services to the Client; or
 - (2) advise the potential Client if, based on the Principal's assessment, it is unable to provide support or services to the Client and the reasons why.
- (p) If CRAMLI Psychological and Behavioural Services makes an offer to provide services and supports to the potential Client, CRAMLI Psychological and Behavioural Services will deliver to the Client a completed Services Agreement between CRAMLI Psychological and Behavioural Services (including a Services Schedule) and the Client based on the Client Intake Form and the parties' discussion and collaboration at the meeting with the Principal.
- (q) When preparing the Services Agreement, use the appropriate template Services Agreement as the starting point for the engagement between CRAMLI Psychological and Behavioural Services and Client. Template service agreements prepared for use by CRAMLI Psychological and Behavioural Services include:
- (1) a general Services Agreement;
 - (2) a Support Coordination Services Agreement; and

plan that reflects the Client's needs, requirements, preferences, strengths and goals.

- (c) The support plan should be in substantially the same form as CRAMLI Psychological and Behavioural Services template support plan which was prepared at the same time as this Provision of Supports Policy, unless the use of that support plan would be unsuitable given the nature of supports proposed to be delivered (for example, behaviour supports, early childhood supports, therapeutic supports or household tasks). In such case, a support plan suitable for those types of supports should be used. Where another support plan is used, it is important that it meets the requirements of the Support Planning NDIS practice standard (the indicators of which are set out above) if CRAMLI Psychological and Behavioural Services is required to comply with such practice standard.
- (d) Appropriate information and access will be sought for this purpose from a range of resources including the NDIA and other service providers (including health care, allied health providers and any support coordinator) to discuss or obtain support requirements, schedules, plans, and to understand their goals.
- (e) If it is evident from prior meetings that the Client and/or their support network may need support in relation to the support planning procedure or the Client, potential Client and their support network will be informed that an interpreter service, bilingual staff (if available) or other forms of assistance to assist them to understand the Support Information can be made available.
- (f) The Client will also be informed that they may have an advocate of their choice to assist with planning and that

CRAMLI Psychological and Behavioural Services can assist them to access an Advocacy Service.

(g) Where a Client is transitioning from another service provider, the support planning process will also involve the development of a planned transition plan in relation to the transition of supports and services to CRAMLI Psychological and Behavioural Services from the previous service provider.

(h) During the planning discussion, CRAMLI Psychological and Behavioural Services will:

- (1) implement person-centred processes to ensure CRAMLI Psychological and Behavioural Services develops an understanding of the Client's strengths, likes, dislikes, personal needs, goals and expectations;
- (2) review the Plan and any additional reports or attached information, and encourage the Client and their support network to express their needs and wishes and the determination of their specific support;
- (3) review the Client's documented goals, assess outcomes, and support the Client and family to refine or identify and document, new goals;
- (4) ensure the support plan includes arrangements, where required, for proactive support for preventative health measures, including support to access recommended vaccinations, dental check-ups, comprehensive health assessments and allied health services by following the prompts contained in the template support plan;
- (5) where appropriate, ensure the support plan considers issues related to mealtime management in accordance

with the Mealtime Management Policy and any Plan prepared in collaboration with an allied health provider;

- (6) ensure the support plan anticipates and incorporates responses to individual, provider and community emergencies and disasters to ensure their safety, health and wellbeing;
- (7) where the Client requires support with communication, ensure clear arrangements are in place to assist Workers who support the Client to understand their communication needs and the manner in which they express emerging health concerns;
- (8) if the Client is in an urgent health situation, ensure systems for escalation are set out in the support plan and understood by the Client's Worker(s);
- (9) ensure CRAMLI Psychological and Behavioural Services Clients' rights and best interests are protected and the support strategies used are based on the least restrictive alternative and reflect contemporary, evidence-based best practice and funded and legal requirements as part of any support planning process;
- (10) ensure the supports and services intervene in the life of the Client in the least intrusive way possible with the smallest possible infringement on the Client's rights; and
- (11) conduct a client risk assessment in accordance with the:
 - (A) Risk Assessment Form; and
 - (B) Home Safety and Risk Assessment Checklist,

with appropriate strategies to manage known risks planned and implemented, including strategies to manage any identified risks with respect to a Client that is Subject to a Significant Risk Factor. Where relevant, this process should include with other providers (including health care and allied health providers and providers of other services) to identify and manage risks to participants to correctly interpret their needs and preferences, and develop a written Client Support Plan, Risk Assessment and Home Safety and Risk Assessment Checklist responsive to the expressed support needs of the Client and support network that documents the provision of services and supports by CRAMLI Psychological and Behavioural Services, within available funding and CRAMLI Psychological and Behavioural Services program and service capacity. For the avoidance of doubt, the Risk Assessment and Home Safety and Risk Assessment Checklist and any other documents completed as part of the support planning process, form part of the support plan.

- (i) Ensure the Risk Assessment and Home Safety and Risk Assessment Checklist are attached to the support plan as they form part of the support plan.
- (j) Ensure the support plan names all involved in its development, the staff member(s) responsible for providing the supports, contains a review date and is signed and dated by the Client and where applicable, parent (or legal guardian), with a signed copy provided to the Client and where applicable, parent (or legal guardian).
- (k) Ensure the review date of the support plan is consistent with the review date of the risk assessment forms.
